

Curriculum Area	Teaching and Learning Focus Grade: Year 3 Teachers: Lisa Rowett, Richelle O'Donnell, Jenni Clark, Sheree Walter
English	During Literacy this term, students will be engaging in: • Using knowledge of letter sound relationships to spell common words accurately. • Using phonics and word knowledge to fluently read more complex words, identify literal/implied meaning in texts, select information, ideas and events that connect them with self and other texts. • Correctly punctuating sentences, i.e. capital letters and full stops, narratives/stories.
Mathematics	During Literacy this term, students will be engaging in: • Recalling multiplication facts of 2, 5, 10. • Revising 4-digit number names and numerals. • Recognising, modelling, representing and ordering numbers to at least 10,000. • Identifying odd/even numbers. • Identifying multiplication/division relationship. • Measuring, ordering, and comparing objects using familiar metric units of length, mass and capacity.
Visual Arts	During Visual Arts this term, students will be engaging in: • Exploring the enchanting world of “Under the Sea” as we delve into ocean-themed art. This theme has been specially selected in alignment with our school’s exciting opportunity to showcase a selection of student artworks at the Albany Entertainment Centre for the upcoming Albany Children’s Theatre production of The Little Mermaid. • Designing detailed underwater themed scenes, layering textures, colours and forms using painted paper, collage and mixed materials. • Using visual conventions, including shape, form and line, to develop unique sea-themed artworks.
Health	During Health this term, students will be engaging in: • Continuing with – Healthy and active communities – focusing on “ways in which health information can influence health decisions and behaviours” and “how the media can influence personal health choices.” • Moving onto - Personal identity and change - Physical, social and emotional changes that occur as individuals grow older.
Physical Education	During Physical Education this term, students will be engaging in: • The skipping continuum and learning the fundamental movement skill that involves rhythmic movement. • Hockey skills will be supported by a hockey development officer. • Initial skill training and practice of individual events and team games for the Athletics carnival in Term 4.

Curriculum Area	Teaching and Learning Focus Grade: Year 3 Teachers: Lisa Rowett, Richelle O'Donnell, Jenni Clark, Sheree Walter
Music	During Music this term, students will be engaged in: • exploring the elements of music and developing musicianship skills through songs from: ◦ a variety of cultures; ◦ styles and eras; ◦ singing games; ◦ theory games; ◦ movement and dance; ◦ body percussion; and ◦ playing classroom instruments (focusing on tuned percussion). • Learning to identify instruments of the orchestra and instrument families.
LOTE - Noongar	During Noongar this term, students will be engaged in: • Exploring and identifying a variety of insects in the Noongar language. • Developing skills in using the correct word order in Noongar sentences. • Building on previously learned suffixes to form more complex sentences. • Learning new vocabulary to enhance everyday conversation in Noongar. • Discovering the uses of traditional Noongar plants from our Six Seasons Garden, including how they were used for food, medicine, and tools.
